Focusing on STEAM
(Science, Technology, Engineering, Art, and Math)

Proceeds will benefit the school library

Updated 3/3/2017

June 5-8 12:30-2:30

CS-First: Storytelling (Easy)

Students use computer science to tell fun and interactive stories.

Students will learn some basic computer coding skills.

Cost \$40 - Entering grade 4-9

June 12-15 12:30-2:30

CS-First: Friends (Moderate)

Students are encouraged to sign up with a friend (although it is not required). This course emphasizes teamwork through telling the story of a friendship and imagining starting a company together. Students will learn some computer coding skills throughout the activities.

Cost \$40 - Entering grade 4-9

June 13 9:30-11:30

Story Writing – Students will be exposed to a variety of wordless books and challenged to write a story to go with them.

Cost \$10 – Entering grades 2-6

June 19 12:30-2:30

Lego Mania 1 Students will spend the afternoon building animals, statues, machines and other things with Legos and competing in challenges.

Cost \$10 - Entering grade 1-6

July 17 12:30-2:30

Lego Mania 2 Students will spend the afternoon building animals, statues, machines and other things with Legos and competing in challenges. The challenges will be different than those on June 19.

Cost \$10 - Entering grade 1-6

July 24-27 12:30-2:30

CS-First: Game Design (More Challenging)

Because it is more challenging, we suggest that students take at least one easier CS-First course before enrolling in this one. Students will learn basic computer game coding.

Cost \$40 – Entering grade 4-12

July 31-August 3 12:30 – 2:30

CS-First: Animation (Advanced)

Students should complete at least 2 other CS-First classes in order to be prepared for the challenges in this advanced class. Students will create fun and complex animated projects and will use skills learned in previous CS-First courses.

Cost \$40 – Entering grade 5-12

August 3 9:30-11:30

Rosie Revere Engineering Day

Based on the book *Rosie Revere, Engineer* by Andrea Beaty, this morning will focus on different engineering projects.

Cost: \$10 Entering grade K-4

August 4 12:30-2:30

Maker Mania 1

There will be at least 5 stations set up with different STEAM activities for students to participate in. Choices may include (but are not limited to): origami, electrical circuits, building things from recycled materials, and more.

Cost \$10 Entering grade 3-8

August 8 12:30-2:30

Maker Mania 2

Similar in set up to the Maker Mania on August 4, at least some of the stations will be different than those on the 4th.

Cost \$10 Entering grade 3-8
